# ANIMAL CAMP

**...a fun, unique learning opportunity for kids, focusing on companion animal care and the humane treatment of all animals!**

We teach children how to provide quality care for a variety of popular pets. Campers also go on a tour of the shelter, practice basic training for dogs, meet a veterinarian and an animal control officer, visit the spay/neuter clinic and wildlife hospital, play trivia games, and create cool posters for team presentations about pets. They discover many, many ways to help domestic and wild animals!

*Animal Camp is for children between the ages of nine and twelve.*
