

## **Is your Cat a Lovebug?**

Does he warm up to strangers easily and enjoy being stroked? If so, you and your cat might be ideal candidates for our Pet Assisted Therapy program. Of course, cats and handlers must pass our Pet Assisted Therapy evaluation. We want to grow our program by calling all cats! If you think your cat has the right stuff and that you would enjoy bringing her to meet folks who would benefit from a feline visitor, please contact Brian Probst at [bprobst@PHS-SPCA.org](mailto:bprobst@PHS-SPCA.org) or 650/340.7022 x328
