## Dogs in Peninsula Humane Society/Sheriff's Office Partnership to Graduate in July...Possible Adopters Should Inquire Now!

The latest group of PHS/SPCA shelter dogs participating in the TAILS program will soon complete their eight-week program at the Sheriff's Office's Maple Street Transitional Facility in Redwood City where they have been under the watch of inmates assigned to their training since late November. Once each week, PHS/SPCA volunteers lead a structure obedience class for the inmate handlers and dogs; outside of class, inmates are responsible for all aspects of the dogs' well-being. Dogs selected for the TAILS program (TAILS = Transitioning Animal Into Loving Situations) have issues keeping them from being adopted at the shelter. During the course of the eight-week program, inmates work with the dogs to overcome these issues and make them more adoptable. At the same time, inmates learn skills from PHS/SPCA trainers and have something positive upon which to focus their time and energy. It's what we call a win-win-win situation!

Please "meet" our new class of TAILS dogs. You can read more about the dogs on the following page. If you are possibly interested in adopting one, contact PHS/SPCA right away at 650/340-7022 x374.

## TAILS GRADS STILL SEEKING ADOPTION

### Tessa

My name is Tessa, and I am an 11 month old altered female Pit Bull. I'm a playful, energetic, friendly girl who also wants to be a lap dog...a rather big lap dog. I have all the basic obedience commands mastered! I can get along with other dogs, but I'm not sure about cats. If there are children in the home our interactions should be supervised. I need to have a strong owner with some prior animal experience. My high energy means I need a house with a yard and LOTS of regular exercise.
